

Thank you for thinking of the Red Lion Pub for your special day. We offer two rooms to host events, each with their own unique qualities. Our furniture is moveable to better accommodate your needs and our event staff is available to customize the space and menu for your desires. From birthdays to special occasions we are here to help!

Our Rooms

The Front Room: The Great War Room

As you may have noticed, the Red Lion Pub has a library like quality to it, and in our Great War Room you will be transported back to the First World War. With period propoganda, posters, boos and artwork there is much to see and speak about.

The Loft: Africa Room

An intimate lounge style room with a stunning view of the main dining hall. The Africa Room is near and dear to our hearts here at the Red Lion Pub. Boasting art and artifacts from Africa, this room tells the story about how the proprietor's parents met. An anthropologist and an architect found each other in Ibadan, Nigeria and created a life together. This room invites you in and offers you stories and cocktails.
